Womens leadership accelerator

At ChangeFusion, we have been committed to helping leaders expand their hearts, minds, and souls for over ten years. To expand this work, **we are building a community for women and by women**, with the hopes of creating a tight-knit group of powerful and influential women who will be each other's warriors, advocates, sounding-boards, teachers, and supporters. Our community will propel, celebrate, support, and guide women leaders. It will provide support and tools for women to live their best and most authentic selves, speak their own truth and support other women in doing the same.

This community, Project Synergy, will begin with a small group of approximately 30 women in 2025 and that number will expand each year. We will begin our work together virtually.

Research points to the fact that women who have centrality in a broader network combined with a strong "inner circle" of women have the most success.¹ It points to the fact that women who have centrality in a broader network combined with a strong "inner circle" of women have the most success.¹

This is why we want to think and talk more deeply about women's connections and the importance of these connections in order to shape the future.

¹Women who were in the top quartile of centrality and had a female-dominated inner circle of 1-3 women landed leadership positions that were 2.5 times higher in authority and pay than those of their female peers lacking this combination. hbr.org. Research: Men and Women Need Different Kinds of Networks to Succeed by Brian Uzzi

OUR VISION.

The Project Synergy Accelerator is a curated, small-group leadership experience for executive women ready to disrupt outdated norms, deepen self-trust, and lead with bold clarity. Designed by ChangeFusion after two decades of work with senior leaders, the Accelerator cultivates radical self-awareness, power fluency, and exponential impact.

This is more than a leadership course—it's a transformational experience rooted in real dialogue, unlearning, and aligned action.

As a group of like-minded peers, we will examine 4 of the core factors that - when in coherence - drive leadership impact: power, value, environmental adaptation, voice and visibility. We will go beyond this to create a strategic blueprint for your leadership transformation.

Our Invitation

Are you a senior woman leader — VP, SVP, C-Suite, founder, or equivalent — navigating complexity, holding power, and seeking deeper alignment. Are you looking for:

- A redefined relationship with power
- Strategic clarity in complex environments
- A trusted circle of ambitious, values-aligned peers
- Space to reflect, experiment, and grow

***Join us for Project
Synergy 2025.***

You are invited to join us for Project Synergy 2025.

Transformations shifts you can expect:

- Radical self-clarity to uncover and shift outdated patterns
- Power fluency to lead with grounded confidence and presence
- Strategic edge to navigate systems, influence, and innovate
- Tangible breakthroughs in how you lead and make decisions

The experience

- 8 live virtual sessions (2 hours each)
- 3 application/Q&A sessions (1 hour each)
- 1:1 onboarding session with the facilitator
- Leadership assessment and access to facilitator office hours
- Cohort of 12–15 women for high trust and deep connection
- Optional in-person retreat in 2026 (additional fee)

We will come together to explore

Session 1: Community – Formation and Impact

We set strategic leadership priorities, build trusted networks, and directly address the pattern many women leaders experience: under-recognizing their own authority and expertise. We name, own, and activate our leadership capacity, positioning ourselves to have transformational impact. Shared Inquiry: What am I uniquely positioned to lead and transform?

Session 2: Power – Fluency and Stewardship

We surface and challenge internalized narratives around how we relate to and shift in the face of power. We frame our relationship with power as a core leadership asset. Shared Inquiry: How do I relate to and behave in response to others in power? To what extent do I fully embody my power?

Session 3: Value – Momentum and Impact

We identify and elevate our unique leadership differentiators – our personal leadership genius – to deliver strategic contribution, unapologetically, to every room. Shared Inquiry: How do I leverage my leadership capacity for maximize strategic impact?

Session 4: Voice and Visibility – Influence and Vision

We heighten our awareness on how we use our voice as a strategic tool; we map out how we will play big and leave behind old societal paradigms. Shared Inquiry: How do I use my voice to disrupt, transform, or create, and for whom?

Session 5: Adaptation – Inner Authority and Connection

We map the leadership ecosystem of high value relationships, networks, stakeholders, and advisors, ensuring we are surrounded by the right voices, expertise, and advocacy to drive change. Shared Inquiry: Who must be in my ecosystem to enable my work?

Session 6: Strategy and Creativity – Re-imagine

We unlock strategic insight and creative capacity by challenging conventional thinking, re-imagining possibilities, and and seeing broader patterns and inflection points. . Shared Inquiry: How can I see anew and create bold visions that shift outdated paradigms?

Session 7: Changemaker – Designing the Future

We build our strategic change strategy for what we are here to build; we create our change navigation system to shift systems, people, and results. Shared Inquiry: What do I want to build that will outlast me – and what systems must I shift to achieve it?

Session 8: Momentum – Integration and Closing

We reflect, celebrate, and commit to sustaining momentum by integrating insights into our ongoing leadership journey. Shared Inquiry: How will I carry this forward with strategic clarity, courage, and community?
